

# Jump5, Tell Me Why

Although I'll never deserve it  
I realize that You will give me all of Your love  
I couldn't ever return it  
I know that I could never give You reason enough  
Your love came over me  
You found the way to my heart

[Chorus]

Tell me why  
What have I done

I got You  
Now You'll always be the one

Tell me how  
Can this be true

I'm with You  
Now I really wanna know

Tell me why  
Let everybody believe it  
I want the world to see the kind of love that we've got  
Deep down in me I can feel it

I'm gonna give You all I have and no matter what  
Your love came over me  
You found the way to my heart

[Chorus]

I'm gonna wait no longer  
To show how I really feel  
My love is growing stronger

You're all that I need  
You are my love for life  
Nothing can tear us apart

[Chorus]
