

# June, I'd Lose Myself

Now a look brings a tear to my eye  
I can feel, can remember the time  
We got locked up, forgot about breaking down  
We remained to sew it together  
I talk outside,  
the drinks are held throughout our minds  
At twenty-two thinking,  
realize its all worthwhile

Would you run away?  
Would you come with me?  
Maybe...  
To feel alive again?

Wait, wait, wait  
The cold hits us in the face  
I say lets disappear till the morning  
Lets take it all in,  
Forget when the night began

Your hair is wet,  
Glistening in the moonlight  
We're rising, is it ready, you're sure?  
I'm the one below with life alone

I don't know why but I wish  
That maybe I can lose myself  
I don't know why I lost the drive  
I let it drift apart  
Gotta get back to place  
Not thinking what I say from the start

Would you run away?  
Would you come with me?  
Maybe...  
To feel alive again?  
So what do you say?  
Would you follow me baby?  
Let's feel alive again

I'm overcome with the sayings  
My head's lifting and your's agrees  
Well this is right,  
You know its right  
Let's make this work tonight

I don't know why but I wish  
That maybe I could lose myself  
I don't know why I lost the drive  
I let it drift apart  
Gotta get back to place  
Not thinking what I say from the start

Would you run away?  
Would you come with me?  
Maybe...  
To feel alive again?  
So what do you say?  
Would you follow me baby?  
Let's feel alive again.
