

Just Jinger, Perfect Ground

Can you feel the something?
Can you feel the something new?
Can you feel it?
Rain down

Are you on to something?
Are you on to something else?
Are you on it?
Why not share, take me there

And lay me down on perfect ground
It's not too hard from here

Never thought I'd make it
Never thought I'd make it through
Never thought I'd
Break through

Does it leave you thinking?
Does it leave you thinking why?
Does it leave you?
Over there, take me there

And lay me down on perfect ground
It's not too hard from here

I'll surely find my rest and peace
of mind
So surely you'd be who I'd like
to find

Do you think it's over?
Do you think it's over now?
Do you think so?
Not so, not yet
And lay me down on perfect ground
Well it's not too hard from here
