

Justice Crew, Best Night

This is the best, this is the best night
This is the best, this is the best night
This live the best, and everything's alright
We live the best life
This is the best night of my life

We get that funk right
Feeling good, yeah we're alright
Got one night, live one life
We party till the sunlight

Let's start that rock n' roll
Speakers so loud, they 'bout to blow
And we here together now
So we gon' tear this sucker down

So wassup wassup
You, your friends and all of us
You came to party, we came to party
See your hands go up and down
Higher and higher we go
When we stop we'll never know
Come on let's escape girl
Like up up and away

Come on let's go
Tonight could be amazing you know
The greatest story you ever told them
And wizzed all over, I want to do it all again

Cause this is the best, this is the best night
This is the best, this is the best night
This is the best, and everything's alright
We live the best life
This is the best night of my life

This is the best night of my life

And we could do this all night
JC in the place and we alright
The best night's tonight, the rest of your life
Remember the block between you and I
Get crazy, get stupid
Come on baby, no excuses
And there ain't no place I'd rather be
Just here with you and me

So come on let's go
Tonight could be amazing you know
The greatest story you ever told them
And wizzed all over, I want to do it all again

Cause this is the best, this is the best night
This is the best, this is the best night
This is the best, and everything's alright
We live the best life
This is the best night of my life

Whatever's on your mind
Go ahead and do it now
Let's make tonight the night
Come on let's f*ck around
Let's just go all the way
And leave you no regrets

Living this moment
Cause it ain't over yet

Cause this is the best, this is the best night
This is the best, this is the best night
This is the best, and everything's alright
We live the best life
This is the best night of my life

This is the best night of my life
