

Justice, DVNO

It's always the same
Always ashamed
The story telling
When I can come in
To a hopeless troglodyte
But one more time
my answer stands
I swear I mean "no offence"
But you better learn to read
it's all 'bout membership
Hey, for the young and old
Ugly girls and boys
I put you on my list
And make you clap to this[?]
Mayhem , I just don't need that trip
And only one can win
And soon you'll say that's him
[Chorus x2]
D V N O
Four capital letters
Printed in gold
'Cause details make the girls sweat even more
while they're shaking their belt
No need to ask my name
to figure out how cool I am
[Refrain x2]
Can anyone read, anyone feel
That I'm losing my patience
I just came here to bounce
Ladies all waxed
They all know I'm coming
I'm losing my patience
I just came here to bounce
[Chorus x2]
[Refrain]
[Chorus]
