## Justice, Total Blackout

I found myself today Trapped in this bed My hands tied, feet tied A hole in my head

Nothing left inside my brain I don't even know my name

I feel, I see, I smell This is my living hell What did I do, why am I here No answers

What would you do, When all you knew is dead and gone? You look around What you see makes no sense Feeling strange You realize, you had a total blackout!

I am still lying on this plank bed here My inner self filled up with fear

A spark of memories Becomes a flame A syringe needle in my vein

Three tubes - liquid - that hose The end seems very close

I woke up for my own execution

I can't believe that
I will soon be dead and gone
The drugs work, make me weak
Make me dead
Feeling tired
I realize, I'll have a total blackout!
