

# Justifide, Why

Sometime I sit around and wonder why  
Why you put up with all of this chaos  
when you could end this sinful world in one second  
In one second you could end this sinful world

(Chorus)

Your are the one and only God  
We lift our voices in praise to your name  
You stand high above anything we could imagine

Sometimes I sit around and wonder why  
Why you still love me when I do you wrong  
And I could never do anything to make you hate me  
Even if I tried, Even if I tried

(Chorus)

In that time, in that place  
Well I was changed  
In that time, in that place  
Well I was changed
