Justin Bieber, Alone

We were inseparable Everything I had to do I did it next to you And the memories we made were so incredible Then our love was interrupted by my schedule There was nothing that I could do Cause you fell into the deepest depression baby And I hate to know I'm responsible And your heart filled up with so much aggression baby You got used to

[Hook] Being alone, alone You adapted, now your use to Being alone, all alone Ooo you got used too being on your own

[Verse 2] I saw it happenin' But I didn't accept the truth, I couldn't fathom it There was so much going on you couldn't handle it Could have divided my time, I should have fractioned it But there was nothing that I could do Cause you fell into the deepest depression baby And I hate to know I'm responsible And your heart filled up with so much aggression baby You got used to

[Hook]

Being alone, alone, (All alone) You adapted (You adapted), now your use to Being alone, all alone (didn't mean to leave you lonely girl) Ooo you got used too being (Used to) on your own, (All on your own)
