

Justin Bieber, Lonely (feat. benny blanco)

Everybody knows my name now
But something bout it still feels strange
Like looking in a mirror
Trying to steady yourself
And seeing somebody else

And everybody is not the same now
It feels like all our lives have changed
Maybe when i am older
It will all come down
But it's killing me now

What if you had i all
But nobody to call
Maybe then you'd know me
Cause i had everything
But no one's listening
And thst's just fucking lonely
I am so lonely
Lonely

Everybody knows my past now
Like my house was always made of glass
And maybe that's the price you pay
For the money and fale At an early age

And everybody saw me sick
And it felt like no one gave a shit
Thet criticized the things i did
As an idiot kid

What if you had i all
But nobody to call
Maybe then you'd know me
Cause i had everything
But no one's listening
And thst's just fucking lonely
I am so lonely
lonely
I am so lonely
lonely
