

# Justin Kawika Young, Every Time I Cry

I'm not sure just when I realized the importance of friends.  
And I can't say I've been or done all I can, please understand.  
You're always so strong with a love all along (all along) the way.

CHORUS:

Every time I cry,  
Everything I tried you're at my side.  
Anything I need,  
You're always there for me  
With love 'til the end like a true friend.

When I need just a smile or some advice or a laugh for a while,  
I know whatever I need is all that you'll be that's for sure.  
But you're always so strong with love all along (all along) the way.

CHORUS

INSTRUMENTAL

And you're always so strong (so strong) with love all along (all along) the way.

CHORUS

Like a true friend.
