

# Justin Kawika Young, Windward Side

Hop onto the Pali it's a beautiful ride,  
Over the mountain to the Windward side.  
Once you're through the tunnel down below you'll see,  
Beautiful Kailua laying next to the sea.

Getting kind of tired of that old city life,  
I've got a cure take my advice...

CHORUS:

Take a ride to the Windward side,  
Take a ride to the Windward side today.  
Take a ride to the Windward side,  
Take a ride to the Windward side today.

Misting down on the Ko'olaus is God's nourishing rain,  
Bringing life to the land almost everyday.  
Stretching from Waimanalo, past the Waikane store,  
Follow the coastline down to the north shore.

Ready for a change from the dry to the green,  
Come on down to the Windward scene...

CHORUS

INSTRUMENTAL

Ready for a change from the dry to the green  
Come on down to the Windward scene...

CHORUS (TO FADE)
