Future.

Sex.

Love.

Sound.

You know what you want,
and that makes you just like me.
See everybody says you're hot baby,
but can you make it hot for me?
Said if you're thinking about holding back,
Don't worry girl,
cause I'm gonna make it so easy.
So slide a little bit closer to me little girl.
See daddy's on a mission to please.
Wait a second.

She's hopped up for me
I've got her in my zone
Her body's pressed up on me
I think she's ready to blow.
Must be my future.
Sex love sound
And when it goes down
Baby all you've got to do is,
Just tell me which way you like that
all you gotta do is

Tell me which way you like that
do you like it like this
do you like it like that
tell me which way you like that
Tell me which way you like that
You can't stop baby
You can't stop once you've turned me on
And your enemy are your thoughts baby
So just let em go
Cause all I need is a moment alone
To give you my tongue,
and put you outta control
And after you let it in, we'll be skin to skin,
It's just so natural.

Wait a second

She's hopped up for me
I've got her in my zone
Her body's pressed up on me
I think she's ready to blow
Must be my future.

Sex love sound.

And when it goes down
baby all you gotta do is
Just tell me which way u like that
all you gotta do is
Tell me which way u like that
do u like it like this
do u like it like that
just tell me which way u like that
Tell me which way u like that
