Justin:

I don't know why you care (why you thinkin' about him mama?)
he doesn't even know you're there
'cause he don't love your eyes
and he don't love your smile
girl you know that ain't fair

the middle of the night, is he gonna be by your side
or will he run and hide
You don't know 'cause things ain't clear
and baby when you cry, is he gonna stand by your side
does the man even know you're alive
I got an idea

why don't you be my girlfriend
I'll treat ya good (ill treat ya good girl)
I know you hear your friends when they say you should
'cause if u were my girlfriend
I'd be your shining star
the one that show you where you are
girl you should be my girlfriend

does he know what ya feel (does he know what u feel?)
are you sure that it's real (are you sure?)
does he ease your mind (no)
or does he break your stride
did ya know that love could be a shield yeah

the middle of the night, is he gonna be by your side
or will he run and hide
