

# Justin Timberlake, My kind of girl

When I was younger never went to far  
Held my feelings and never even wanted to start  
So when i met you, i didnt know  
What you were gonna do with my heart  
When you talk (I cling on every word you say)  
When you move (Just like a breeze on a summer day)  
When you smile (the sky turns from grey to blue, thats what you do)  
And your the kind of girl I think of  
And your the kind of girl I dream about  
My heart is telling me that I need you in my world (in my world)  
Cause you my kind of lady (your my kind of girl)  
When I'm not with you, where ever you are  
Baby I'm counting the moments till I'm back in your arms  
All I want is to have you here with me  
Every night and every day...  
When you talk(I cling on every word you say)  
When you move (Just like a breeze on a summer day)  
When you smile (the sky turns from grey to blue, thats what you do)  
And your the kind of girl i think of  
And your the kind of girl i dream about  
My heart is telling me that I need you in my world (in my world)  
Cause you my kind of lady (your my kind of girl)  
Baby girl I need you here by my side  
And if your there everything will be alright  
Cause this is the time for us, baby be mine  
And your the kind of girl I think of  
And your the kind of girl I dream about  
My heart is telling me that I need you in my world (in my world)  
Cause you my kind of lady (your my kind of girl)
