

Justincase, Stubborn

People tell me I'm just a little stubborn
Well I think they're wrong
They say I can't take my pride down
Well I think that's dumb

Chorus:
I was thinking about you
If you were thinking about me
And I was talking about you
If you were talking about me

I went home to see if you had called me
But it was not there
Your message had been erased with memories
Of times you did not care

Chorus:

Take time to
Make rhymes to
Your songs that
Feel wasted

Chorus:
