

Justincase, Without You

(feat. Michelle Branch)

It's been two weeks
Three days long
I'm all alone since you've been gone
I can't keep myself from asking why
Just wanna see my reflection
In your eyes

Just know that I'm with you
And what you feel
I feel it too

[Chorus]
I'm feeling lately
I'm going crazy
Wondering how I'll go on without you
I keep on trying
Slowly dying
Thinking about how I need you here with me

I wear your shirt
The scent of you
Reminds of the night that we became two
There's nothing else
That feels the same
Everyday there's sun, it feels just like rain

Just know that I'm with you
And what you feel
I feel it too

[repeat chorus]

If you think it's easy for me
Well, you're wrong
Sometimes I'm weak and baby you know
I'm not that strong

You're in New York
And I'm in L.A.
There's so much to tell you
Words I need to say
But your phone keeps ringing
[ringing, ringing]

[repeat chorus]

I need you here with me

How will I go on without you?

It's been two weeks
Three days long
I'm all alone since you've been gone
