

Justyna Steczkowska, Ave (No Control)

no no no

too warrid
to break free
you don't know
what to do
stop thinking about what
you cannot do

start feeling what's lying
within you
no control
just follow your heart

fight your fear before it fight you

never no
never no control
never no
never no
more fear
never no
never no
don't close yourself
just lose control
Ave! No Control
never no
never no control
Ave! No Control
just lose control

stop being scared
let lose
spread your wings
you'll never get far or high
if you don't take any risks

there is no confusion
and it's no illusion
let lose live, love, laugh
learn go beyond control

never no
never no control
never no
never no
more fear
never no
never no
don't close yourself
just lose control
Ave! No Control
never no
never no control
Ave! No Control
just lose control
