

# K-Ci & JoJo, Dont Rush

The look within your eys, baby  
It makes me wonder why, lady  
You want to be with me, darlin  
When I thought we were just friends  
Then you made your move on me  
You started moving on met strongly  
Even though nobody was around  
I still had to tell you to slow it down  
We don't have to rush the night away  
There's always going to be another day  
A time to make love and a time to play  
What I'm trying to say, take love slowly  
When I took you to my house baby you got buck wild  
And kicked off your shoes  
Then you started dancing  
I said come over here have a little seat with me  
All I wanna do is watch a little bit of TV  
She started rubbin' on my legs  
Fingers in my hair  
Then you got silly  
Said let's play truth or dare  
I'm no in the mood  
Honey I swear  
Babe you're otta control  
I had to get up out of there  
We don't have to rush the night away  
There's always going to be another day  
A time to make love and a time to play  
What I'm trying to say, take love slowy  
Don't rush it  
Don't rush (Don't)  
Don't rush it  
Don't rush (don't)Don't rush it  
Don't rush (dont't)  
Don't rush it  
Don't rush (don't)  
Don't rush  
Don't rush (don't)  
Don't rush it baby  
We don't have to rush the night away  
There's always going to be another day  
A time to make love and a time to play  
What I'm trying to say, take love slowy.
