

K-Ci & JoJo, I Don't Want

I can't lie I can't lie
I can't lie I can't lie
I can't lie I can't lie
I can't lie

I don't want anybody else
If I can't be with you
I rather be by myself
And I don't want anybody else
If I can't be with you
I rather be by myself

As long as you keep doing to me
What you did to me the first day
I don't need nobody else
I don't need nobody else
And i'm not looking for a girl
because I already have a woman and I
Don't need nobody else
I'm happy with my baby and my baby is you

I don't want anybody else
If I can't be with you
I rather be by myself
And I don't want anybody else
If I can't be with you
I rather be by myself

When I called the other night
I didn't tell no lie
Baby you know your so right
I wan't you to be my wife
Can I be with you
Everyday I wanna be near you
Baby I won't front on you
You know that I want you baby

I don't want anybody else
If I can't be with you
I rather be by myself
And I don't want anybody else
If I can't be with you I rather by myself

Can't Can't you see that I don't want
Anybody else but you and only you
Can't you see that I will never
never love anybody else but you
I give my life to you
Your all I wanna do
Baby come home to me I feel so happy

I don't want anybody else
If I can't be with you
I rather be by myself
And I don't want anybody else
If I can't be with you
I rather be by myself
