K-Ci & JoJo, It's Me

Hold up, love I know I'm not the one that you've been speakin' of Rumors start But all the time I was the one who gave you so much love

You came along I was already in the game before I picked you up You broke my trust Cause I thought you loved me, you just cashed me up

Now I'm through with you (you) You don't know what to do (to do) Now who's playin' fool You loved me now it's ugly

Cause I'm not checkin' for you (no, no, no) Your hatin' and it cool (its so cool) Without me there's no you Now you're through cause I'm done with you

It's me who made it easy Now it's you tryin' to front and run game on me It's not like you can hang and sexy Cause you wouldn't be known if you didn't know me

Hear me, mami, take it easy If you hate JoJo, you're hatin' K-Ci Speak up when they ask you, shorty Who's the one that made you, then say that it's me

Now you think
Every thing that I done for you came so easy, uh
And now you seem
To be actin' like it really was you that made me

But you don't see When you step out on the scene that they really see me And no one seemed To even really notice you cause you're not with me

Now I'm through with you (through with you) You don't know what to do (what to do) Now who's playin' fool You loved me now it's ugly
