

K-Ci & JoJo, Just For Your Love

I see the tears
I caused you to cry
Now I know it was a mistake
When I lied
Not a day goes by
I don't wish to see your eyes
I wish I could bring you back my way
Everyday for your love I pray
For your love baby
For you love
I would do anything baby
For your love
I would go
anywhere honey
And just for your love, I would do anything
It's been a while
Since I felt your embrace
Things are so sad in my dreams
All I see is your face
I dream about the day you said goodbye
For you your lover I'll climb any mountain
It doesn't matter how high baby
For your love
I would do anything baby
For your love
I would go anywhere honey
And just for your love, I would do anything
Anywhere
Anything
Just name the song and baby I'll sing
There is nothing I wouldn't do for you
