

# K-Ci & JoJo, Just For Your Love

I see the tears  
I caused you to cry  
Now I know it was a mistake  
When I lied  
Not a day goes by  
I don't wish to see your eyes  
I wish I could bring you back my way  
Everyday for your love I pray  
For your love baby  
For you love  
I would do anything baby  
For your love  
I would go  
anywhere honey  
And just for your love, I would do anything  
It's been a while  
Since I felt your embrace  
Things are so sad in my dreams  
All I see is your face  
I dream about the day you said goodbye  
For you your lover I'll climb any mountain  
It doesn't matter how high baby  
For your love  
I would do anything baby  
For your love  
I would go anywhere honey  
And just for your love, I would do anything  
Anywhere  
Anything  
Just name the song and baby I'll sing  
There is nothing I wouldn't do for you
