Anybody every told you
That you're so special

Girl, has anybody told you that lately
You're so special
Lady, that's what you are to me
Special

When I wake up, I feel brand new
So renewed
When I wake up, I feel like singing
La da da da da
La de da de da la de da de da da

When I get up, I feel like dancing
Clap my hands, reminisce on your romancing
I'm on my way, I'm coming through
I can't wait to see you

Repeat 1

Have I told you lately, baby
That you're the biggest part of me
The second most reason that I ever breathe
I love the way you handle things
Love the way you take good care of me
Girl, it's so, so sweet to me (I thank God)
I'm so glad that God sent me you (Ooh, yes I am)
I'm so glad I can depend on you

Repeat 1

I treasure things about you
(You are the only one, you are the only one for me)
The things that you do (for me)
(Cuz you are the only one, you are the only one for me)
You give me joy
Girl, I'm in love with you

(Oh babe, baby, baby)

Repeat 1 until fade
