

K-Ci & JoJo, Still Waiting

Check this out
It's Devant with the Hailey Bros.
Waitin on you baby
You know what I'm saying
It's been a long time
They still waiting
Still waiting to get it on
Coming straight from the Dirty South

K-Ci:

I'm telling you something
Girl you should listen

JoJo:

I'm making an offer
But it's your decision

K-Ci:

The Choice is yours
It's all up to you

JoJo:

So don't be a fool
You know who to choose girl
Every time I see you walking by
With the other guys
I just wonder why
Can't that be I
Kissin your lips
And rubbin your thighs
Wakin up every morning
By your side
Tell me why

CHORUS

I'm still waiting for you
To come feel ecstasy
On my knees
Check my stees
Let me knock it with ease
I'm still waitin for the day
When I can fill his space
When I can take his place
You can fill my face all around you, girl
Uh, Huh

K-Ci:

I'm dreaming about you
Scheming to catch you

JoJo:

Been meaning to tell you
I'm feeling to smell you

K-Ci:

It's nothing that you said

It's nothing you did

JoJo:

It's just the way you are
Girl you flip my lid
Every time I see you walking by
With the other guys
I just wonder why
Can't that be I
Kissin your lips
And rubbing your thighs
Waking up every morning
By your side
Tell me why

CHORUS
(repeat 7x)
