

K-Ci & JoJo, Wanna Do You Right

My lady my lady listen
I'm been doin' u wrong for so damn long
But now i wanna do the right thing for you lady
I can't live like this no more
I've gotta get you back some how some way
Please come home

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby I wanna do right

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby I wanna do right

Listen

Time goes by we grow apart
But now I've had a change of heart
Please believe me
There's no smile upon my face.. no no no no no
Cuz I know the truth is standing right in front of my face

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby I wanna do right

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby I wanna do right

No I can't lie
NO MORE
No I can't cheat
NO MORE
No I cannot play
No more
Baby I just can't
No more
Baby I wanna be the man that you need
Girl can't u take me back
Baby baby please

If you don't take me back
I'll understand
Yes I will
Yes I will
It's only my fault cuz i was not a real man
I'll do the very best i can
Oh yes I will
Raise my hand to god
I won't
Never love another
I would never cheat again baby

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby I wanna do right

I've been doin' you wrong girl
For so damn long girl
Now I'm singin' this song girl
Cuz baby i wanna do right.
