

# k.d. lang, Suddenly

(Piltch/Lang)

So peculiar  
You're way too familiar  
Oh and so hard to ignore  
But somehow it makes sense  
That this acquaintance  
Keeps me coming back for more

Then suddenly  
You got me  
Got me thinging i might have been here  
Before

My only distraction is this attraction  
That i'm dying to explore  
Suddenly i remember you with me  
Truly you're someone  
Worth waiting for
