

k.d. lang, You Can Depend On Me

(Carpenter / Hines / Dunlap)

Though you say we're through
I'll always love you
And you can depend on me

Though someone that you've met
Has made you forget
Honey, you know
You can count on me

When I wish, I wish you success
And loads, loads of happiness
But baby, I gotta confess
I'll be lonely
If you ever, ahh, if you ever need a friend
I'll be yours until the end
And you can depend on me

I wish you success
And loads of happiness
But, darling, I gotta confess
I'm gonna be lonely

Oh if you ever, ahh, if you ever need a friend
I'll be right by your side ahh, till the end
And you can depend on me

You can depend on me
