

# K-Maró, Not your time to go

My life could sound like a sad song  
so let me take you back a little short story long  
I was born in a crazy country but beautiful indeed  
the middle east Miami, that special air that I breathe  
a war zone yes, a hot zone yes,  
Beyrouth Lebanon well known? No!  
the spirit of a soldier, riches of a land  
but too little to grab on for so many hands  
so they fight and for a decade they fought again  
I'm watching I'm a kid and god damn I can't understand  
I see the heroes dying, I see the soldiers crying  
I prayed for better days but god was lying so  
that's my reality I guess, I'm eleven years old and no future to assess  
plus the fact that I'm a property of a war zone country  
I've seen it all, they made a warrior out of me  
Wake up kid it's not your time to go...  
Wake up kid it's now the time to show  
The whole world what you came for, go it's your payback (bis)  
Still so young but living like no tomorrow  
like on a respirator, breathing on time you borrow,  
seeking for a little piece, a glimpse of sunshine  
gather the family and have some quality time,  
and then January 1st 1991 war is over  
daddy had enough, let's move over,  
quickly we pack up, couple of dollars for back up  
grabbed my little sister, kiss goodbye it's a wrap up  
a new life, for me a new beginning,  
I knew from there on there's no fights I won't be winning  
and of course I'll be your ultimate hustler I was trained for  
mentally be stronger beat the best and get paid for  
the world is this kid is scared of nothing'  
no matter what you showed me I've seen worse  
the point is I wanna be a leader now  
I was never scared to die, f\*\*k you the world is mine  
Wake up kid it's not your time to go...  
Wake up kid it's now the time to show  
The whole world what you came for, go it's your payback (bis)  
Now I never look back I'm just happy I made it  
life owed me a favour I'm just happy she paid it  
came from the bottom of bottom straight to the top of the top  
now I'm enjoying every moment of it like if it was my last  
now I never look back I'm just happy I made it  
life owed me a favour I'm just happy she paid it  
came from the bottom of bottom straight to the top  
of the top let me sleep if I'm dreaming so they can't take me back
