K-Otic, Damn I Think I Love You

For 20 days I've been lost in cyberspace
I surf through the web
To catch up with you trace
And I wonder - Who you really are?
I only caught a hasty screenshot
Of your smile
You told me all your hotspots
You really make me wonder
Do you know who I am?
Breath me - it's so exciting
I only wanna know if you're for real
Damn I think I love you
I think I really love you
Cause I believe you're the one
Who can make it all come true
I think I really love you
Baby I need you
Yeeeh
Let's set up a blind date tonight
Yeah Yeah Yeah Yeeeh
or I'll just say goodbye
It's easy to confess to anonymous victims
but since I got to know you
Girl we're getting deeper - are we going too far?
We talk about the weirdest thoughts
We've got in mind
and share the same desire
It's crazy how I found you
Do you know what I mean?
Yeah
Love me - enter my world
I only wanna hold you in my arms
Damn I think I love you
I think I really love you
If you mean what you say you don't say what you mean ain't true
I think I really love you
Baby I need you
Whooo
Let's set up a blind date tonight
Yeeh
or I'll just say goodbye
Yeah
Gently
Drifting
Along with the endless tide
Craving
Crossing
The boundaries where we'll collide
Damn I think I love you
I think I really love you
If you mean what you say you don't say what you mean ain't true
Hey I think I love you
Baby I need you
Let's set up a blind date tonight
