

# Kaci Brown, Just An Old Boyfriend

I see you on the street  
My broken heart still skips a beat  
I hear your name inside I go insane  
Baby each day that we don't touch  
is one more day it hurts too much  
I can't forget the love that we made

But there'll come the moment that we're gonna meet (again)  
Baby it won't even bother me  
Trying to make it to the day you'll be  
Just an old boyfriend  
Won't be thinking of you every night  
Won't be wishing we could only try  
Won't tear me up inside  
Just an old boyfriend

Anyone can see the love we killed is killing me  
I'm just so sad to lose what we had - Oh yeah  
There's no doubt that I should be ok by now

But I'm not there yet  
It hurts me so bad but

From the moment that we're gonna meet (again)  
Baby it won't even bother me  
I'll be looking to the day you'll be  
just an old boyfriend  
Won't be thinking of you every night  
Won't be wishing we could only try  
You won't tear me up inside  
just an old boyfriend

Nothing more and nothing less  
No more living with regret  
Your memory won't get  
The best of me, the best of me  
Oh you're gonna see

(Chorus x2)
