

Kaiser Chiefs, Put Me On The Cover Of Your Magazine

It's making me mad
It's making me crazy
I'm on the scene
I need to be seen

So put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine

I'm taking my time
I'm taking my gloves off
I'm not ever heard
I'm not been heard

So put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine

I'm talking to you
You know who you are
You're not even looking
And I'm over here
We'll be there first on
We'll do it for free
Just give me some inches
In your magazine

Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine
Put me on the cover of your magazine

Put me on the cover of your magazine
It's making me mad
Put me on the cover of your magazine
It's making me crazy
Put me on the cover of your magazine
I need to be seen
Put me on the cover of your magazine
