

Kaiser Chiefs, Take My Temperature

Let's take a look at your eyes they're bloody mental
Swelled to the size of the Lincoln Continental
A bag of pills and a pack of ugly menthols
And I can tell by your teeth you've had a good life!

You can take my temperature
I got a 2 on 1 to be hip, hey hey hey!
And you can take my temperature
Cause I'm a hundred degrees in the shade over here

You said your sister, she stumbled to a party
Because the someone you like was at the party
You fell asleep on the coach before it started
And I can tell by the coach this is a nice place!

You can take my temperature
I got a 2 on 1 to be hip, hey hey hey!
And you can take my temperature
Cause I'm a hundred degrees in the shade over here

And now you tell me you've gone south for the winter
And I can count my friends upon my fingers
My hands are cold and I cannot feel ma fingers
And I can tell by your tan you're pretty healthy

You can take my temperature
I got a 2 on 1 to be hip, hey hey hey!
And you can take my temperature
It's like a hundred degrees in the shade over here

oooooooooh
oooooooooooooooooh
oooooooooooooooooh

You should take my temperature
I got a 2 on 1 to be hip hey hey hey
And you can take my temperature
It's like a hundred degrees in the shade over here

You can take my temperature
I got a 2 on 1 to be hip hey hey hey
And you can take my temperature
Cause I'm a hundred degrees in the shade over here
