

Kaiser/Mansfield, Great White Throne

I had a dream of here-to-come
God knows I woke in fear
I saw the wages of my sin
Saw it oh so clear
Before a great, white throne
Lord I know it's true
Before a great, white throne
What if it was you?
Livin' outside every law
Livin' as I pleased
Doin' what I felt like doin'
Never on my knees
Until the great, white throne
Lord, I woke in fear
Before a great, white throne
How I shook with tears
Jesus saved me as I was
Didn't leave me 'lone
Mercy for my wicked heart
Oh I love Him so
Before that great, white throne
Lord, I know it's true
Before that great, white throne
Soon it will be you ...
