

# Kajagoogoo, Frayo

Stop, don't move  
He's got a gun on you  
Halt, he's armed  
It's military rule  
Don't be frightened  
Don't be scared  
Everything is fair

You will obey  
It's what the people want  
Speak out of turn  
Well, you just simply can't  
But you're equal and you share  
Everything is fair but

We eheh are frayo  
We eheh are frayo  
We eheh are frayo

Work for the land  
A much desired way  
You'd get more on Mars  
And probably better pay  
Don't be frightened  
Don't be scared  
Everything is fair

Here the choice, hear the choice  
It's ours  
Oh! How lucky we are...  
To decide for ourselves  
Or wishing on a star  
But you're equal and you share  
Everything is fair but

We eheh are frayo  
We eheh are frayo  
We eheh are frayo

We eheh are frayo  
We eheh are frayo  
We eheh are frayo  
We eheh are frayo  
We eheh are frayo
