

Kajagoogoo, On a plane

(VERSE 1)

I thought you had
A dreaming to fly
Until I saw
The doubt in your eye

(BRIDGE 1)

Tell you what Ill do, Im gonna do
Get on, get on out with you now
Ill tell you what Ill do, Im gonna do
Travel on back with you now

(CHORUS)

On a plane, you make no sound
Youll get your courage back again when we touch down
On a plane, take my breath away
Ill watch your courage come back again when we touch down

(VERSE 2)

Fly with me
Find peace in the clouds
The laws of gravity
Cant hold me down

(BRIDGE 2)

Tell you what Ill do, Im gonna do
Get on, get on out with you now
Ill tell you what Ill do, Im gonna do
Travel on back with you now

Tell you what Ill do, Im gonna do
Get on, get on out with you now
Ill tell you what Ill do, Im gonna do
Travel on back with you now

(REPEAT CHORUS)

On a plane, you make no sound
Youll get your courage back again when we touch down
On a plane, take my breath away
Ill watch your courage come back again when we touch down

(FINAL CHORUS)

On a plane, you make no sound
Youll get your courage back again when we touch down
On a plane, take my breath away
Ill watch your courage come back again when we touch down
