

# Kaledon, The Fallen King

Here lies the king  
King of the light  
Beloved friend  
We'll miss You  
Forever in our hearts  
You will stay...  
Goodbye

You led the troops in the night  
Your life has been glorious  
Your name will remain forever  
As the greatest king of all time

Glory forever oh mighty king  
Shining star in a clear sky  
All that we can do now is sing  
Cry your name all the night in the air

You have fought evil creatures  
For salvation of our souls  
Day by day

Fight in the night  
Fight for the light  
Fight for the glory

You have fought evil creatures  
For salvation of our souls  
Day by day

Glory forever oh mighty king  
Shining star in a clear sky  
All that we can do now is sing  
Cry your name all the night in the air
