

# Kalmah, Kill The Idealist

A pioneer of humanity  
Declaring his truth to the crowd  
Word of wisdom is what he speaks  
Wisdom he has never reached

A well-educated know-it-all  
But never has done anything  
Collects info from sources  
The vice man has left behind

Kill the idealist  
Get him a job  
Kill the agitator  
Capital rules the world

So let him found a labour  
On his own certain conditions  
And try to heal society  
Without support

Kill the idealist  
Get him a job  
Kill the agitator  
Capital rules the world
