Kamelot, Intro Until Kingdom Come

in the black of the night she appears I can see that she's trying to relocate the source of my fears I've been searching her high and low in this dream she will show me the door to a new revelation and I know that I've seen her before that she'll bring me salvation I remember when she was still alive always there by my side every day is a fight to survive every minute a shattered memory like the sun shining down on me like the breeze on the ocean you're the path of my destiny Í know you will follow me until Kingdom Come when I watch from the tower at night into fading horizons I can see her shade in the twilight dressed in silver she's dancing I recall as if it was today always there by my side you are reason, and relief to my pain and one day we will reunite like the sun shining down on me like the breeze on the ocean you're the path of my destiny I know you will follow me until Kingdom Come like the sun shining down on me like the breeze on the ocean you're the path of my destiny I'll follow my heart until Kingdom Come
