

Kamelot, Veil of Elysium

Hear my promise of Blistering Light
Sowing rose of obsidian
My dear, I promise
Death comes to all
In a heartbeat only silence

Let's play with the fire
That runs in our veins
Trust in the might of a miracle
Now winter has come
and I'll stand in the snow
I don't feel the cold
And it's all that I will ever need to believe

One day I know we will meet again
In a shade of a life to die for
Watching the world through the eyes of a child in Elysium
Will I know You then?

Now bring down your fortress and swallow your pride
Don't break in your moments of ignorance
Existence will capture a spark of life
Just a fragment
But it's all that I will ever need to revive

One day I know we will meet again
In a shade of a life to die for
Watching the world through the eyes of a child in Elysium

Will I find you there
in that darkness of the shadow that comes over all
Dear friend, will I know you then?
Will I know you then at all?

One day we'll meet
In the shade of a life to die for
Watching the world through the eyes of a child
Will I know you then?

One day I know we will meet again
In a shade of a life to die for
Watching the world through the eyes of a child in Elysium
Will I know You then?
Will I know You then?
