

Kan Mikami, Shinanomachi Sisters

Catch them! They're the ones! Those two women there!
Hug the road and pull up alongside
The noise of squealing tires is getting in our way
The red stop light is misting over with tears
August 10th. Shinanomachi

Sister blow up Mother with a propane bomb
Big Sister later drove the two away
Since the weather's fine
It's a lucky day
Sister dressed to look like Mother
August 10th. Shinanomachi

If she could pull it off, it'd be great, altho'
Sister definitely couldn't do it
Big Sister waits for her outside:
"It's okay. go right ahead"
She eggs her on
August 10th. Shinanomachi

Caught after all, happy to be nabbed
Sister got in Big Sister's way
Big Sister clung to Sister's sleeve
That Rolls Royce is disappearing
Chase it hard!
August 10th. Shinanomachi
