

# Kane & Abel, Lemme Get Up In Ya

[Hook x5]

I'm a nigga with a wide car bone  
And I'm takin' one of these hoes home

[Verse 1]

Where they at, hit em' from the front and the back  
From the side when we ride, we some ballers and macks  
Yeah we did that, give me that, I know you hit that  
Six-hundred with the honey with the big back  
Straight from the glock, make it stop  
Better save your breath for when ya runnin' from the cops  
So what we like to floss a lot, so walk a lot  
We goin' off a lot, we got the lovely ladies who love to pop  
They love to shock, them scrubs don't get no props  
Now stop and drop just like a fool with it  
If you got some paper maybe you'll hit it  
But I did it and I ain't spend a quarter on ya  
At the show, in the front row, throwin' water on her  
Put it all in her, take it like a winner  
Fake not a beginner, spin while I'm still in her  
I spit the game, my wrist shine and glitter  
Call ya babysitter then I'll get up in ya  
Let me get up in ya

[Hook x5]

[Verse 2]

Straight from New Orleans, the 504  
We buck, we the realest it undoubtable  
We ride thirty in Excursions, Benzs, Suburbans  
Sippin' on the Henney while we smokin' and we splurgin'  
A playa, a pimp, a hustler, a dealer  
Kane and Abel thugggin' with something like eight figures  
Straight off the block, straight off the chop  
Give me what cha' got like I was wavin' my glock  
But I'm not, I just wanna run up in the spot  
And do it like a playa do, do it like a pimp do  
First we gon' play you then we gon' pimp you  
I true ask every boo, trippin' up we never do  
Only trick chickenheads and get they pussy too  
Take some extasy with me and give my dogs some head too  
A dog on them hoes, it ain't no secret, I freaks it  
I make a bitch suck a dick till she sees it

[Hook x5]

[Verse 3]

In the truck is he drunk, puffin' that skunk  
18's in the trunk go bump bum-bump  
Girl let's connect, have fun have sex  
If you fuckin' with us bitch you fuckin' with the best  
In the Rover laid low, flingin' that snow  
Po-po pulled me over but they let the playa go  
She was shakin' that shit makin' niggas so sick  
She don't know how bad she really want this dick  
Sittin' back in the six, puffin' on smoke  
Since me and two tricks sippin' rum, sippin' Coke  
Hoes lookin' tight, that ass lookin' right  
Come and spend it like we goin' home tonight
