

Kanye West, This Way

Turn it up...(A little louder)
Turn it up...(A little louder)
Turn it up...(A little louder)
Turn it up...(A little louder)

I can't live my l
I can't live my life this way
Continuely get high
Instead of runnin round lock one bird down
It's a new day gotta do it big just to get by (alright)
Show no respect can't live that way
Ya hold my cheque can't live that way
without my chick on deck can't live that way
They say what they like but I been that way
Our moves calculated through the lense
Almost here
Success will be the best revenge
And now from Clint East to Kanye West
The sun can't chill but everday it sets (every day)

This time I made up my mind
This time I'm deck on the grind
I know there's thing in my life
That I'ma let go startin tonight
I can't li my l, I can't li my
I can't li my l, I can't li my
I can't li my l, I can't li my
I can't live my life this way
I can't li my l, I can't li my (this way)
I can't li my (this way) l, I can't li my (this way)
I can't li my (this way) l, I can't li my (this way)
I can't live my life this way (this way)

Look down
Go ahead flip a coin so the game can start
Believe I know the drama give name to part
I know before the hot flame came the spark
It's like before the pop fame came to pour
but this industry will play with your life man
They're playin with rent, food water and lights man
That's why I rock the beats like that old totty T Jam
The batter ram then i'm off to Amsterdam
To rest up a strength to deal with this weight
To deal with these deals to deal with this hate
I dedicate this to Jam Master J
Run DMC showed me how to walk this way
