

Kara's Flowers, Pantry Queen

The wind blows
Your mind falls down
Just give me
The time to drown

The wind blows
Your mind falls down
Just give me
The time to drown

The boys are
Digging the ground
But I can't
Stop spinning around

One day you will let me be
What I wanted you to be

The boys are
Stopping the ground
From taking
Those things we found

Someday she will let me see
All of the things we used to see

One day you will let me be
What I wanted you to be
Someday she will let me be
The champ you wanted her to see
Pantry Queen
