

# Karen Jo Fields, Embrace Me

I ran away  
Say you all find me  
Out there some day  
Where the wind blows  
Lifting me high  
Like that morning  
Remember that morning

Embrace me  
Embrace me now  
Embrace me  
Embrace me now  
Embrace me  
Embrace me now  
Embrace me  
Embrace me now

My feet were cold  
My heart was lonely  
Speech becomes old  
I looked behind me  
What do i see  
Silently waiting  
Once you were waiting

Embrace me  
Embrace me now  
Embrace me  
Embrace me now  
Embrace me  
Embrace me now

Someone touched my face from sleeping  
With a foto in my hand  
Made of voiceless scream to heaven

Embrace me  
Embrace me now  
Embrace me  
Embrace me now  
Embrace me  
Embrace me now

My feet were cold  
My heart was lonely
