

# Kari Amirian, A Poem

I've been staring up at the sky  
Spotting a place I could hide in  
Without a reason or rhyme  
I found your eyes looking at me

Now you're lying here beside me  
And you feel my beating heart  
Love's a poem, God is writing  
Nothing's between the lines

I've seen the years passing by  
Wonder what's this poem's ending  
Should know by first given lines  
Beginnig is never-ending

You'll be lying here beside me  
You will feel my beating heart  
Love's a poem, God is writing  
Nothing's between the lines
