

Kari Kimmell, It's Not Just Make Believe

I thought that I was too old to believe in fairytales,
but there's a letter for me waitin' when I check my mail.
I start a shakin' like a seven on the Richter scale
When you say you love me.
I look in the mirror and I'm not who I used to be at all
Its comin' clearer...

Chorus

I'm Cinderella at the ball,
I'm Alice growin' ten feet tall.
Its not just make believe...
Here comes the prince's kiss,
I'm positive the slipper fits.
Its not just make believe...

It started out like just another ordinary day,
Then suddenly my life is different in every way.
The sun is brighter and my happiness is here to say.
Its like I'm dreamin'
Thank you for showin' me that true love doesn't hurt when you fall
You got me glowin'...

Chorus

I'm Cinderella at the ball,
I'm Alice growin' ten feet tall.
Its not just make believe...
Here comes the prince's kiss,
I'm positive the slipper fits.
Its not just make believe...

Whenever, wherever, forever,
I'll be with you.
We haven't, its not just oh ooh

I look in the mirror and I'm not who I used to be at all
Its comin' clearer...

I'm Cinderella at the ball,
I'm Alice growin' ten feet tall.
Its not just make believe...
Its really happening,
I feel so good I gotta sing.
Its not just make believe...
I'm Ariel above the sea,
I'm Beauty dancing with the Beast.
Its not just make believe...
Here comes the prince's kiss,
I'm positive the slipper fits.
Its not just make believe.

oh, its not just make believe (not just make believe)
oh ooh,
its not just make believe
