

Karina Pasion, Cry

There's so many people in need
Living in a world full of greed
With so little right; so much wrong
And what so many say about this song
And they all go

(yo)

(there's a party over here

(but)

Nobody seems to care

(about)

All the suffering i see

(oh)

[chorus:]

The worlds misery makes me (cry)

For my generation (cry)

For every nation (with men at war)

And tears in their mother's eyes

Makes me want to just (cry)

For the hungry children (cry)

Send the medicine

With the riches in the world

I just don't understand why

And it makes me want to just cry

(oh why) i wanna just (cry)

[verse 2:]

So many eyes has gone blind

So little on peoples mind

Povertey in east and west

So much in-difference

And they all go

(yo)

(there's a party over here

(but)

Nobody seems to care

(about)

All the suffering i see

(oh)

[chorus:]

The worlds misery makes me (cry)

For my generation (cry)

For every nation (with men at war)

And tears in their mother's eyes

Makes me want to just (cry)

For the hungry children (cry)

Send the medicine

With the riches in the world

I just don't understand why

And it makes me want to just cry

[breakdown:]

For all the deseases

Say a pretty please

For the families in new orleans

And policies that make me wanna just(cry)

When i read the news(cry)

I get so confused

Why can't they find a cure

Forb the genesides and the war

It makes me (cry)

[chorus:]

For my generation (cry)

For every nation (with men at war)

And tears in their mother's eyes

Makes me want to just (cry)

For the hungry children (cry)

Send the medicine
With the riches in the world
I just don't understand why
And it makes me want to just cry
(oh why) i wanna just (cry)
