

# Karmic Passage, Distorted Solitude

World full of lies,  
its all in mind,  
they've planned to escape  
but I dont have the time  
(too...)  
(ooooo.... oooo....)

Taking vows without regret  
(ahhhh....)  
Not remembering what I forget  
Wathingtime slip away  
through my window..  
(ooooo..... ooooooo....)

(Chorus)  
Complications  
confronting me  
cant you all see when...  
you dont believe..  
Conversations

with time and fate----  
(Ahhhh.....)

World full of death  
said beneath my breath  
coming close, getting far away  
all in my head

(Bridge)  
Cannot see whats  
hurting me in many  
different ways  
Youll see in the end  
what it pays

(Chorus)  
(Inst.)  
(Chorus)  
(Chorus no music, dist.)
