Karmin, Too Many Fish

Too many fish in the sea to miss one /x4
Guess what?
If you caught one
You can catch another one /x4

I was fishin' for a real good man
Any second bout to reel one in
A little bait and I had one hooked
I threw him back he was no good
Why you stressin me boy
Blowin' up my line...
Are you testin' me boy
I ain't gonna give you the best of me boy
If gleaming is a crime you arrestin' me boy
Let me be boy
Yeah I'm settin' sail for the deep blue
Sea crusin' with my girls
Got my anchor ready
I saw you jumpin' round and you caught my eye
oh-oh-oh my translate that!
He was super fine one of a kind
And now he's makin' me sweat,
My match has been met.
He's playin' hard to get so I'm castin my net.
I hope it's worth the while don't make me regret
Or else it's on to the next.
Baby you can just get left just step

Too many fish in the sea to miss one /x4
Guess what?
If you caught one
You can catch another one /x4

I ain't trippin' cause I let one go
Cause I know that one will follow
Can't let a men pull me down
Stay afloat so I won't drown
Oh you rockin' my boat
Puttin' a fight cause I'm lettin' you go
Now you want to stay when you wanted to be free
Runnin' round with a chick who ain't me
You're such a guppy
I know I'm a little fish in a big pond
Maybe to to cast my reel beyond
You had me fooled with your big game
No who's to blame
It turned out you
Were super lame
Put me to shame
And now I gotta
Move upstream
Find the man
Of my dreams
The next one to add
To my team, my baby
Checkin' out my line
To see what I caught
And if you wanna go
South to the sharks
Then you can get lost...

Too many fish in the sea to miss one /x4
Guess what?
If you caught one

You can catch another one /x4

I used to cry over a heartbreak
When I didn't know better.
One thing that my mama told me
Changed my life forever
She said the man is a dime a dozen
Baby girl don't cry for nothin'
Little girl you should go and
Have fun and if you caught one
You can catch another one.

Too many fish in the sea to miss one /x4
Guess what?
If you caught one
You can catch another one /x4
