

Kasabian, Comeback kid

King Pin on a cutback /2x
With sunken eyes
Big cheese in a bed sit /2cx
And shit the sky

Slick move you said you wanna try me
You should've left it just where you found it
I see you creeping, thinking what it could be
You'll have to trust me, just don't believe me

Reap what you sow
Comeback kid
Says hello
Here, here we stand
Side by side
Don't let go
Of my hand

Sasquatch in a bin bag /2x

It's no surprise
Nosebleed in a pound stop /2x
Spitting flies

Slick move you said you wanna try me
You should've left it just where you found it
My single life about to hypnotise you
Now, here it comes, I just wanna hold you

Reap what you sow
Comeback kid
Says hello
Here, here we stand
Side by side
Don't let go
Of my hand

Back when you know you should have sent to do it on a mission
You were the only one who said you'd stay if you could have it
I guess you want it /6x

Reap what you sow
Comeback kid
Says hello
Here, here we stand
Side by side
Don't let go
Of my hand
/2x
